Dear Federation Member

IMPORTANT: CHECK YOUR TAX CODE

Since launching our Tax Code Review Service in 1995 provided by leading tax code experts, The Tax Refund Company, over 900 members have now applied to have their tax code checked for errors.

Many of the members, who've completed the review, have found they had been given the wrong tax code by HMRC and were entitled to a tax refund. The average refund so far is £174.76 each.

Checking you've got the right tax code is even more important now, as there are new tax allowances that if you are entitled to them, could see you losing £662 this year alone if you have the wrong code.

The main facts you need to know:

- **Your review is FREE if you do not get a tax refund**
- **For every £1 refunded, you keep 62p (minimum fee £38*)**
- **YOU keep 100% of any future savings you make from a new tax code**
- **In the rare case they believe you owe more tax, the Tax Refund Company will not inform HMRC**
- **Dog handlers in particular are frequently found to have paid too much tax**

* Where your refund is under £38, the fee will be reduced to the amount of the refund so you have nothing more to pay.
